As an expression of Christ’s love, SOS seeks to empower people & transform neighborhoods by using volunteers to repair the homes of economically disadvantaged homeowners in Memphis, TN. The majority of the repair work is done during the months of March, June & July. Memphis area churches, individuals & other organizations provide financial support for SOS, while most labor is provided by volunteer church groups, high school & college students from throughout the U.S.

There is no cost or financial obligation on the part of the homeowner. However, SOS asks that each homeowner attend an orientation workshop & requires each household member to help with the repairs to the degree that they are able.
